

Left Click Cast

General Info

- Left Click Cast allows you to quickly swap which spell will be cast when you left click on a monster or player with a hotkey of your choice
- Allows up to 6 different spell swap hotkeys
- Allows you to select any combat spells from the Standard or Ancient Spellbook, but you MUST be ON that spellbook (you cannot cast Ancient Magicks while on the Standard Spellbook or vice versa).

Preset

Friend/Clan Checks

- Enabling this will make it so you can't cast on Friends, Clan members, or Castle Wars teammates

Staff Check

- This setting will determine when you want to be able to Left Click Cast a spell
 - Custom - Only Left Click Cast when the specified weapon ID is equipped
 - Combined - Left Click Cast when any Staff, or Custom weapon ID is equipped
 - None - Always Left Click Cast, regardless of what weapon you have equipped
- Custom Staff IDs: `id,id,id` format for the specific weapon ID(s) you must be wielding in order for Left Click Cast to be active if using the Custom setting
- Use Whitelist: Will make it so Left Click Cast will only work on the NPCs listed in the config below
- Whitelisted NPCs: `id,id,id` format for the specific NPCs that you want Left Click Cast to work on

Hotkeys

- Configure the following to any hotkey/combination of keys that you'd like:
 - Disable Left Click Cast: Setting a hotkey here and pressing it will disable Left Click Cast
 - Swap to Spell #1 through #6: Set a hotkey and press it to swap to the corresponding spell number selected in the config below

Spells

- Select a Standard or Ancient Magicks Spell for any of the 1-6 spell swaps you'd like
